Hi Town Council members,

Mindy & Mike Whittington here from 41 Poplar. We are excited to be on your agenda for the upcoming meeting.

We wanted to extend an invitation for you to come by our house at your convenience this week to see the proposed project in person, to bring to life what you see on paper.

We just met with Elizabeth and Julie for a few minutes (thank you, both, for taking the time to come out!), and we'd love to host the others as well.

Please let us know what time works for you, and we'll do our best to be home.

Happy Saturday,  
Mindy & Mike (and Noah)
