Subject: [EXTERNAL] Ross Firehouse

Mayor and Council members,

I recently became aware that my name was listed as a supporter of the Friends of Ross Firehouse. I did not authorize this, and at my request, the Friends have agreed to remove my name from their literature, website, and mailers.

In the past, I supported rebuilding the firehouse and maintaining the current level of paramedic service. However, after public discussion, the Council has voted to close the firehouse. While I would have preferred a different outcome, I respect the Council's decision and support it.

I continue to appreciate your dedicated service to our community.

Gary
