Subject: [EXTERNAL] Please Restore Our Fire Station

Town Council,

My husband, Patrick and I along with our three children have lived in Ross for the last 8 years. Ross is such a special community we feel so grateful to be apart of.

However, something that has concerned us as of late is the longer wait time for emergency services now that the fire station has closed. As a mother, I always took such comfort knowing that the fire station was right there.

In 2025 we experienced a very scary incident just a few doors down from our home on Redwood Drive where we awoke to screams in the middle of the night because our neighbors house was on fire. With no firemen in sight yet we loaded our three children in the car with the plan to evacuate. It can all happen so fast.

We would like our fire station restored. We have reviewed the proposal from the Friends of the Ross Fire Station and agree with what they are proposing. Please bring our firefighters back to Ross. We need to look to the future and build critical emergency service infrastructure now.

Best Regards,

Caitlin Fisher
27 Redwood Drive
