Dear Ms. Martell, Happy New Year,
Please replace the earlier email with subject line "Ross Doctors Support Reopening the Firehouse" with this one sent under separate cover, which contains additional signatures.

Thank you,
Andria

Subject: Ross Doctors Who Support Reopening the Firehouse: Updated List

Dear Town Council,
We, the undersigned physicians and nurses in Ross, urge you to find a way to
restore the Ross fire station. Closing the fire station has resulted in
unacceptably long emergency medical response times. Please don't wait
until someone dies to address this. We need a fire engine, staffed with first
responders, to arrive quickly. The ambulance can't compensate for the
loss
of a fire engine; response times are too long.

Sincerely,
Chris Baker, M.D

Dear Mrs. Martel, Happy New Year!
 Please excuse the e-mail delay with subject line "Hosok Doctors Support Group" as the
 "Pinebox" with the one sent under separate cover, which contains additional
 signatures.

Thank you,

Andria

Subject: Hosok Doctors Who Support Forgetting the "Pinebox" (continued)

Dear Town Council,

As the undersigned physicians and nurses in Hosok, we have been

very

trusting the Hosok Fire Station. Closing the fire station has resulted in

unacceptably long emergency medical response times. Please do not

until someone else to address this. We need a fire station, and we need

response to arrive quickly. The ambulance and fire engine are

lost

of a fire engine response time is too long.

Sincerely,

Chris Baker, M.D.
