**Subject:** [EXTERNAL] Please Restore Our Fire Station

It is imperative that we reinstate Ross fire station services. Did you see what happened in the Palisdes? If a horrific wildfire occurred in Ross and surrounding areas, would our residents be served in a timely manner given the gridlock, distance and higher density attributes of surrounding areas served by their own dedicated firefighters? Don't make this mistake, you will be responsible for the outcome. Sincerely, Traci McCarty 90 Glenwood Avenue

Town Council, As a resident of Ross, I would like our fire station restored. One of the reasons I moved to Ross was its excellent emergency service times. Now that the station has closed, we see the results: 11-14 minutes is too long to wait for life-saving care. Please bring our firefighters back to Ross. We need to look to the future and build critical emergency service infrastructure now. Regards,
